MR. VINAY BADERA.

COMMITMENT TO DELIVERING EXCELLENCE

In the eventful fiscal year 2022-23, Team Shubham soared to new heights with outstanding achievements and remarkable growth, driven by a commitment to delivering excellence. During this quarter we successfully completed state-of-the-art healthcare facilities, secured prestigious data center orders, and successfully handed over an International School Building project, among other accomplishments.

Our vision for the future remains resolute as we aspire to expand our project portfolio across all sectors. Embracing cutting-edge technology, we are steadfast in staying at the forefront of innovation, ensuring that our solutions remain unparalleled in the industry.

Team Shubham relentlessly perform to excel & that continues to set them apart; fostering a legacy of success and advancement in the months to come.

From MD'S Desk

Dear Associates,

It is with immense pleasure and a spirit of generosity that we proudly present our achievements in this inaugural Newsletter.

The fiscal year (2022-23) was truly remarkable for us! We remained committed to delivering excellent service, and it showed in our **consistent growth** over the years since we started. This achievement is a testament to our dedication and positive progress. We consider ourselves fortunate to serve a diverse range of clients including MNC's, Industrial, Central and State Government agencies and many others. It has been a privilege to work with such a varied and esteemed clientele.

We take great satisfaction in announcing that, in last year Team Shubham has successfully delivered state of the art **Healthcare Facilities** in Pune and Baramati locations.

The creation of new Healthcare facilities is a rapidly growing segment in Infrastructure Development. Moreover, the construction of Data Centres is another fast-growing area,

driven by the needs of Industry 5.0. We are delighted to share that Team Shubham has secured two prestigious Data Centre orders, marking another milestone in our journey. These events have truly showcased our team efforts & capabilities in meeting the ever-growing demand for Infrastructure Development. The unfolding of these achievements has significantly boosted the team's morale and confidence.

The projects we are currently executing, play a significant role in contributing to the development of our nation, both directly and indirectly. We always remain responsible in our commitment to offer comprehensive construction solutions, accompanied by end-to-end engineering services. In addition to our focus on quality and timely project delivery, we place great emphasis on ensuring safety and environmental **considerations, making them integral aspects of our work.**

We firmly believe in delivering concrete

results, and I have full confidence that our completed projects are paving the way for substantial growth in the upcoming months. Our aim is to grow our project portfolio in every sector of our business, and we are determined to stick to this goal. We anticipate that both the MEP and Healthcare sectors will exceed the expected plan and show outstanding performance.

In conclusion, I urge everyone to celebrate our achievements, learn important lessons from the challenges we have encountered, and embrace the future with renewed optimism. Together, we will continue to build a resilient, forward-thinking, and purpose-driven organization that is committed to our mission.

Regards,
Mr. Vinay Badera.

TECHNOLOGY STRENGTH

STT GLOBAL DATA CENTRES INDIA PVT. LTD - DIGHI, PUNE.

Recently at STT DC4, started using RMD Rapidshor Framework as it is a heavy-duty galvanised modular steel shoring system with a robust design. Ease of assembly, low cost in use and an extensive range of accessories make it the premier choice in modular shoring; With this technology, it has helped the project team to catalyse performance.

PERI handset Alpha is a modular panel formwork system suited for various wall and column applications with multi-purpose panels.

Key Features

Panels are designed to withstand concrete pressure of 75 KN/Sqm for columns and 60 KN/Sqm for walls. Easy erection with wedge clip for all panel connections and in- built brace connector for connecting the push-pull props. With crane and crane free erection with better productivity.

CONCRETE BATCHING PLANT 30 CUM/HR (SCHWING STETTER) - 1

TRACTOR LOADER - 1
